# TAKARA KOSAN

## T-Balloon™ series

### What is a T-Balloon™?

Bubble Balloon™ and T-Balloon™ are the same balloon.

Since the past, Bubble Balloon™ and T-Balloon™ have been manufactured by the same manufacturing company, Takara Kosan, using the same film. Bubble Balloon was sold to the world through Pioneer Balloon, while T-Balloon™ was manufactured in Japan and only sold by Takara Kosan for the past 30 years.

**Characteristics of the T-Balloon™:** The T-Balloon™, like the Deco Clear and Deco Print, has no valves. This material can be inflated until there are no wrinkles.

**Difference from Bubble Balloon™:** T-Balloon™ is available in 10 sizes ranging from 125 mm to 555 mm. Bubble Balloon™ come in three sizes: 440 mm (20-inch), 490 mm (22-inch), and 555 mm (24-inch).

### T-Balloon™s are CE certified.

T-Balloon™ includes 10pieces/package. Bubble Balloon™ 1 piece/package.
